

JESÚS DÍAZ

Front End Web Developer

ABOUT ME

I'm specialized in the development of responsive web applications with pure CSS and JavaScript Frameworks such as React JS. I'm passionate about new technologies. I am self taught and I like learning constantly.

JOB EXPERIENCE

- TELMEX

2017 - 2019

Front End Developer

My contribution was the layout of several web applications, the responsiveness of them and also the loading of dynamic data in them through AJAX.
- Periodismo CIDE

2014 - 2017

Web Master

I was in charge of the administration of periodismocide.org(Wordpress) website. My main task was to fix several CSS and Javascript bugs, and also develop some static new sections to the main website.
- Centro CLEAR LA

2016 - 2017

Web Master

I was in charge of loading information to centro-clear.org(WordPress), I also was also in charge of the development of a new template for this website.
